

UA RUHR PROBABILITY SEMINAR

Serte Donderwinkel (Groningen)

Counting connected graphs with a given degree sequence

Martin Slowik (Mannheim)

Scaling limit of the harmonic crystal with random conductances

Sebastian Kassing (Wuppertal)

Hyperparameter schemes for stochastic optimization: the fast-slow regime

When? July 16, 2026 14:30 - 18:00

Where? TU Dortmund, M E19
